Automated Waitlist Procedure

Whereas, beginning Fall 2006, the University of California, San Diego has introduced an automated wait list procedure;

Whereas, there are several important aspects of this process which affect students:

- 1) *You may enroll and wait list for a total of 19.5 units prior to the first day of classes.* In past quarters, you were able to enroll in a maximum of 19.5 units without your wait-listed units being counted. Now, however, putting yourself on a wait list means that if and when a space becomes available, the enrollment system will automatically enroll you in the course.
- 2) *When a space is available, you will be moved from the wait list into the class and be sent an e-mail notification.*
- 3) *If you add your name to a wait list but you are not eligible to enroll in the course (such as lacking a prerequisite) and a space becomes available, you will be dropped from the wait list.*

Whereas, this procedure has remedied some problems faced by students during the enrollment process, however the main feature of the new wait list procedure is that the enrollment system controls the process. Thus, eliminating a student's right to submit add cards;

Whereas, the Associated Students of the University of California, San Diego recognize students should still have the option of submitting add cards and students enrolled in over 90 units should be given a priority;

Resolved, After the first day of classes, students should be able to submit add cards to their respective Departments. Departments should, therefore, also allow Professors to sign add cards based on seniority and their discretion;

Resolved, The Associated Students of the University of California, San Diego do hereby acknowledge the positive progress the Registrar's Office is making and encourage further actions towards the improvements of the enrollment process.
