Section 2. Eligibility
The voting membership of the Council shall be members of the ASUCSD and shall not hold more than one voting position on the Council.

Section 3. Election Procedure and Terms of Office
The elected voting membership of the Council shall be elected annually to a term that begins at noon on Friday of Sixth Week Spring Quarter and ends when their successors’ terms begin. The Council shall establish the rules and procedures of the election, provided, however, that voting must end on Friday of Second Week Spring Quarter and take place for at least five academic days.

These election rules and procedures may not be amended or suspended during the time period between when the first candidate has filed for office and the certification of the results for that election; additionally, these election rules and procedures may not be amended during the time period between when a Special Election has been called by the President and the certification of the results for that election.

Section 4. Duties and Powers
The Council shall have the power to:
(a) control all ASUCSD funds and appropriate those funds as they see fit unless the students, through the fee referendum process, lock-in portions of ASUCSD funds to certain financial areas;
(b) supervise and maintain the properties and investments of the ASUCSD;
(c) write and maintain the rules, policies, and procedures of the ASUCSD or any office thereof;
(d) represent the interests and opinions of UCSD undergraduate students;
(e) establish any number of non-voting positions on the Council and the process for their selection;
(f) take any action that is for carrying into execution the foregoing powers and all other powers vested by this Constitution in the Council or in any member thereof; and
(g) delegate and revoke the delegation of any of the aforementioned powers to other entities within the ASUCSD.

Section 5. Campus-based Student Fees
(a) To establish, increase, reduce, or eliminate any campus-based student fee through the process of a student fee referendum, the Council must, by a two-thirds vote, place a fee referendum on a ballot for the undergraduate students to vote on.
(b) If the change in the campus-based student fee would affect both undergraduate and graduate students, the Council, by a two-thirds vote, and the Graduate Student Association must both agree to place a fee referendum on a ballot for undergraduate, graduate, and professional students to vote on.
(c) Before placing a facility-fee referendum on the ballot, the involved student government(s) must approve a facility board charter conforming to the following requirements:
   (1) The sole purpose of the facility board must be to oversee the facility, with jurisdiction including annual review and approval of the operating budget, space allocation, rent
assessments, custodial standards, capital improvements, maintenance and renovation, purchase of equipment, and hours of operation.

(2) Students as a proportion of facility board voting members must be no less than student fees as a proportion of total facility funding, excluding generated revenue.

(3) If more than half of facility funding (excluding generated revenue) will come from student fees, then the facility board must be chaired by a student, and the student members of the facility board shall be involved in the selection and regular review of key administrative personnel for the facility.

If a facility board already exists for the facility, it must be reconstituted to conform to the above requirements.

(d) For a referendum that establishes or increases a campus-based student fee, the following information must be included in the ballot language:

(1) The purpose of the fee. For facility fees, the services and amenities that will be provided in the new facility must be listed, as well as the planned location and approximate gross square footage of the facility. For activity fees, the type(s) of activities supported by the fee must be listed as specifically as possible, as well as which campus department(s) will receive and allocate the funds.

(2) The body that will oversee the fee. For facility fees, a facility board (described earlier) must be designated, and a reference to the facility board charter included. For activity fees, the involved student government(s) shall have oversight of the fee, and must annually review and approve the operating budget.

(3) For facility fees, the dollar amount per quarter for debt repayment, and the dollar amount per quarter for maintenance and operation. The debt-retirement period must be specified in years or months.

(4) The total dollar amount per quarter of the fee. For facility fees, this is equal to the sum of the amounts described above for debt repayment and for maintenance and operation.

(5) When the fee will begin to be collected.

(e) For a referendum that establishes or increases a campus-based student fee, the following sentences must appear in the ballot language:

(1) “This fee will be included in the determination of financial aid.”

(2) “Annual budget reports will be made public and provided to all UCSD student governments.”

(3) “Modifications to this fee may not be made without a subsequent student referendum held in accordance with the appropriate student governmental and University policies, unless other means are explicitly provided in this ballot language.”

(f) For a referendum that establishes or increases a facility fee, the following sentences must appear in the ballot language:

(1) “No additional debt may be levied against this fee, nor may an increase of the debt-retirement period be made, without a subsequent student referendum held in accordance with the appropriate student governmental and University policies.”

(2) “After the debt-retirement period specified herein, the debt-repayment portion of the fee, also specified herein, shall not be collected.”

(3) “A Building Advisory Committee (BAC) shall oversee the planning, design, and construction of the facility, shall have students as a proportion of voting members no less than student fees as a proportion of total facility funding, and shall have a student co-chair elected by the student membership of the BAC.”
(4) “Other funds that become available after the referendum may be applied to the reduction of this fee by decision of the facility board.”

(g) For any fee referendum to be approved, a majority of votes cast in the fee referendum election must approve the change in the campus-based student fee. Additionally, the number of students casting ballots must equal or exceed 20% of the registered students affected by the fee at the time the election is held.

(h) If the fee referendum is approved in the election and approved and implemented by the administration, the language of the referendum is binding on the Council unless it conflicts with this Constitution. In this way, the students may lock-in portions of a campus-based student fee to certain financial areas by placing language to that effect in the referendum question.

Section 6. Vacancies
In the event of a vacancy in the voting membership of the Council except the Senators from the Colleges, the President may appoint a replacement for the remainder of the term with the advice and consent of the Council. In the event of a vacancy in any of the Senators from the Colleges, the College Council thereof may appoint a replacement for the remainder of the term; however, the College Council may not appoint an individual that was previously removed from that office in that same term.

In the event of a vacancy in any of the Officers, the President may appoint a replacement on an interim basis for a maximum of twenty-five academic days, provided, however, that this power may only be used once per vacancy.

Section 7. Speaker
The Council shall elect a Speaker of the Council, herein referred to as “the Speaker,” who shall serve as the presiding officer until a successor is elected. If the presiding officer is a voting member of the Council, that person may vote only when it will change the outcome or in any secret ballot vote.

If the Speaker is not able to be present at a meeting or is temporarily unable to serve as the presiding officer, the Speaker should designate a member of the Council to serve as the presiding officer for the period of time in which the Speaker is unable to preside. If the position of Speaker is vacant or if the Speaker is not present at a meeting and did not designate a member of the Council to serve as the presiding officer, the President shall serve as the presiding officer or designate a member of the Council to serve as the presiding officer.

In addition to the duties as presiding officer, the Speaker shall have any other powers the Council may assign.

Section 8. Meetings
The Council shall hold regular meetings weekly during the academic year at a time prescribed by the Council. The Council may, by a majority vote, cancel a regular meeting. Special meetings may be called by the President or by a petition presented to the Speaker containing the signatures of a majority of the voting membership of the Council.
A majority of the voting membership of the Council shall constitute quorum.

All meetings of the Council shall be open to the public except when dealing with matters of personnel, existing or anticipated litigation, license or permit determination, threat to public services or facilities, labor negotiations, investments, contracts, or real property negotiations.

Section 9. Review Referendum
The ASUCSD may review an action of the Council in the following manner:
(a) A petition must be submitted to the President with the signatures of at least ten percent of the members of the ASUCSD. This petition must clearly state which action of the Council is being petitioned for review by the ASUCSD, and the petition must be submitted within twenty-one academic days of the action of the Council. Each signature on the petition must include a printed name, a signature, and the last four digits of the student’s UCSD PID number.
(b) Upon receipt of a valid petition, the President shall call a campus-wide special election within thirty academic days where the members of the ASUCSD shall vote on the question of whether to uphold the decision of the Council, unless an election is already scheduled to take place within fifty academic days, in which case the question shall instead appear on that ballot. The Council shall establish the rules and procedures of the election, provided, however, that voting must take place for at least five academic days.
(c) During the interval between the submission of the petition and the election, all related actions and any associated expenditure of funds shall be suspended.
(d) If a majority of students voting disapprove of the action of the Council, the action of the Council is reversed, and the members of the Council shall make a good faith effort to honor the result of the referendum for at least one academic year. If a decision of the Council has been reversed, the Council may not take any action for one academic year that would have the same effect as the action that was reversed.

Section 10. Removal From Office
The Council may, by a two-thirds vote, impeach a voting member of the Council or a member of the Associated Students Judicial Board on one or more of the following grounds:
(a) misuse of funds
(b) unsatisfactory attendance
(c) failure to perform duties
(d) improper or unethical use of authority
(e) willful violation of ASUCSD rules, policies, or procedures

If a member is impeached, the Associated Students Judicial Board shall convene to determine removal of the member. If the Associated Students Judicial Board finds the member responsible of any of the charges, the Associated Students Judicial Board shall remove the member from office.

If a member other than the President is ineligible to serve in the position the member currently serves in, the President shall, after giving the member the opportunity to resign, declare the member ineligible for office by informing the Council, and the position shall become vacant five academic days thereafter. If the President is ineligible to serve in the office of President, the
Vice-President Student Life shall, after giving the President the opportunity to resign, declare the President ineligible for office by informing the Council, and the position shall be come vacant five academic days thereafter.

A voting member of the Council or a member of the Associated Students Judicial Board may not be removed from office by any means other than the procedures in this section.
