Defeated candidates for Chair are eligible to run for Vice Chair, and candidates for both positions are eligible to vote in these elections.
- (4) Each member of the Grant-making Committee shall be appointed for one year. Student terms will begin on June 1 and end on May 31 of the following year. Faculty terms will run from January 1 to December 31 of the term year. The staggering of committee terms is intended to preserve institutional memory. The Chair and Vice Chair shall hold office for one year. Committee members may serve no more than two consecutive terms but the total number of terms they may serve is not limited.

(5) Member Qualifications

- ⓐ All Student members of the Grant-making Committee must be registered (full or part-time) UCSD students during their term of office. Students must have at least a 2.0 GPA to serve on the committee, and must remain above a 2.0 GPA during their term in office.
- ⓑ Staff and Faculty members of the Grant-making Committee must be currently employed by UCSD.

(c) Member Removal and Appointments

- (1) A Committee member may be removed by unanimous vote of the other Committee members for unjustifiable absence, conflict of interest or other appropriate reasons.
- (2) In the event that a Committee member is removed or resigns, the original appointing body will select a replacement. The new Committee member will serve the remainder of the original member's term

(d) Conflict of Interest

- (1) The Grant-making Committee shall conduct itself in such a way that conflicts of interest are minimized and all potential conflicts of interest are made public. (2) For example, each Committee member must make public all campus groups of which he or she is a member and their level of involvement in each group. Where appropriate, the Committee member should recuse himself or herself from voting on grant allocations for projects proposed by such groups. For such votes, the "full Committee membership" as defined for voting majority purposes shall be decreased to account for the Committee member's recusal.

(e) Allocation of Funds and Project Selection

- (1) The Grant-making Committee shall decide to allocate funds to submitted

projects by a simple majority vote of the Committee. The Committee may elect to fund only a portion of a proposal.

(2) General Requirements for projects:

(a) All projects to be considered for TGIF funding must meet the following criteria:

(1) Projects must promote environmental sustainability on UCSD's campus, including off-campus activities which influence sustainability on campus.

(2) Projects must have a clearly-defined, measurable outcome.

(3) Project proposals may be submitted by UCSD students or on behalf of student organizations. Outside organizations may not apply. Students are encouraged to apply with faculty and/or staff advisors to help with project implementation.

(b) Projects shall have received all necessary written approval by appropriate campus officials prior to consideration.

(c) TGIF funding will not support projects already mandated by law or UCSD policy directive (e.g., standards for new building construction), since UCSD is already obliged to allocate funds for such projects. TGIF will fund projects which go above and beyond minimum requirements.

(d) All projects shall have a mechanism for evaluation and follow-up after funding has been dispersed. At minimum, a project plan must include a report made to the Grant-making Committee after successful (or unsuccessful) implementation. If a project is expected to have on-going benefits such as annual cost savings, the project plan must include a mechanism for tracking, recording, and reporting these benefits back to the Grant-making Committee on an (at least) annual basis.

(e) Projects must have undergraduate student involvement.

(f) Funds will be appropriated two times a year during the Fall and Winter quarter between weeks 2-5.

(g) Funds will not be appropriated between the final Committee meeting of Spring Quarter and the first meeting of Fall quarter.

(h) All groups which have requested programming funds shall sign up for a hearing date and time when they turn in their funding proposals. This shall be their formal notification. This will ensure that all groups have the opportunity for equal representation before the Committee.

(3) Many projects may result in cost savings or revenues to the person or group submitting the project proposal to the TGIF Grant-making Committee. Where reasonable and at its discretion, the Committee may require that all or part of the project funding be dispersed as a loan (instead of a grant) to be repaid to TGIF over a reasonable time period. This time period will be negotiated by the Grant-making Committee and the person or group proposing the project, before funds are awarded. In exceptional cases, the Committee also has the authority to negotiate that a portion of all subsequent revenues (after the loan has been repaid) shall go into TGIF. Detailed income and expense reports are required from recipients and are subject to audit by the Grant-making Committee.

(4) The Grant-Making Committee may determine additional requirements or

preferences for each year's funding cycle, provided that these additional criteria are:

- (a) Consistent with the overall mission of TGIF.
- (b) Consistent with the requirements and preferences outlined in these guidelines.

(5) Unallocated Funds

- (a) Any funds not allocated in a given year shall remain in TGIF account for future use.
- (b) Funds allocated to a project that are not spent within the project timeframe shall be returned to TGIF for reallocation.
- (c) Standing funds should be invested in a socially and environmentally responsible manner.
- (d) TGIF funds are not to be used or reallocated for purposes other than those described in this document.
- (e) TGIF shall continue to operate even after student fees are no longer collected into the Fund, as long as sufficient money remains in TGIF account.

(6) Accountability

- (a) TGIF shall be accountable and transparent to the student body, and therefore shall:
 - (1) Make all its records available to the public via website. This shall be the responsibility of the Grant Making Committee.
 - (2) Issue an annual report of its activities to the AS, GSA, Social and Environmental Sustainability Committee, Facilities Management, the Environment and Sustainability Initiative and the Chancellor's Office.
 - (3) Submit periodic reports to all members of the Associated Students in conjunction with the Financial Committee.
 - (4) Submit a year-end evaluation report for approval by the AS.

(b) TGIF shall be used responsibly

- (1) If upon review of project reports, the Grant-making committee determines that the project's funds are being used irresponsibly or the goals of the project are not being met, the committee may choose to put the projects on "probation," meaning the project leaders have an allotted time period to make adjustments in order to fulfill the committee's expectations. If after this time period the committee's expectations are not met, the committee may require all unspent funds to be returned to TGIF.

(7) Records and Reports

(a) TGIF must keep on record:

- (1) Minutes of all meetings of the Grant-making Committee indicating the time and place of holding such meetings, the names of those present, and the proceedings thereof.
- (2) Complete books and records of account, including accounts of its properties and business transactions and accounts of its assets, receipts, disbursements, gains and losses.
- (3) Record of projects selected each year and the funds allocated to each.

- (4) Project progress reports from recipients of TGIF monies.
- (5) Copies of all annual reports which TGIF has issued.
- (8) Formation of the Grant-Making Committee

For fee referenda and review referenda questions, the option receiving the greatest number of votes is the prevailing option. For other referenda questions, the Council shall interpret and properly apply the results.

(c) In races determined by Single Transferable Voting, if the election results in a first place tie, the Elections Manager shall declare the position vacant and call for a run-off election, except in the case of A.S. College Senator offices. If a first place tie occurs for A.S. College Senator races, then both first place candidates are the winners.

(d) In races determined by Single Transferable Voting, if two candidates are tied for last place, TritonLink election software will randomly eliminate one of the candidates.

(e) Any mathematically unviable candidates will be eliminated.

(f) TritonLink shall deliver the election results to a representative of UCSD Student Affairs.

(d) The Elections Manager shall prepare and sign a "Certificate of Election" for all elected candidates.

§3.3 Mandatory Candidate Meeting

- (a) A meeting of all the candidates shall be held Thursday of the ninth week of Winter Quarter after the end of the filing period and conducted by the Elections Manager.

- (c) During the meeting, the candidates will be introduced to the Election Committee, and informed of the administrative and logistical details of the election, including the election calendar.
- (d) Pictures of the candidates to be placed on the ballot will be taken at the meeting. If a candidate is not present, they may have their picture taken in a location pre-determined by the Elections Manager, by a deadline determined by the Elections Manager, and listed in the candidate packet, to have it appear on the ballot. Picture retakes will not be permitted, except at the discretion of the Elections Manager, but only in the case of technical issues or malfunctions of the camera.

- (1) Slates may not receive funding from ASUCSD;
- (2) A slate may not use the same name and likeness as a registered student organization;

- (c)The Election Committee may determine if a slate's name is too similar to the name of an existing slate. Acquisition of slate names is done on a first-come-first-serve basis, unless a continuing slate from a previous year exists with a given name and plan of succession, in which case that slate shall have priority over the name.
- (d)If the governing structure of a slate is contrary to university policy, the Election Committee shall request that it be changed. If the slate disagrees with this, they may appeal the decision to the Judicial Board.
- (e)If a slate wishes to reserve space on Library Walk during the campaigning period, the primary representative may reserve space through CSI/OneStop under AS, provided that they include their name and slate affiliation on the reservation. The Elections Manager and University Centers have discretion to place a restriction on the number of reserved spaces per slate,
- (f)This Election Code and the processes and procedures outlined in it shall supersede any processes and procedures outlined in the slate's governing structure.

§3.6 Non-Election Period Slate Regulations

- (a)After an election is over, a slate may, consistent with its governing structure, choose a student or students who shall have first priority to re-register the slate's name and likeness the following year. The primary representative of a slate shall email the Clerk to inform them of a transfer of agency from one student to another
- (b)In this email the primary representative informs the Clerk of the persons and procedure by which the slate name and likeness will be maintained.
- (c)If a process by which to carry on the slate's name and likeness is not sent to the Clerk by the start of the election filing period for the subsequent general election, then the slate's name is available without priority.

§3.7 Alignment of College-Specific and Campus-Wide Slates

- (a)All slates shall be composed of either candidates running for campus-wide positions or candidates running for college-specific positions. No slate shall contain both students running in a campus-wide election and other students running in a college-specific election.

Chapter 4 Campaign Conduct and Regulations

Every campaign conduct regulation will be based upon the following purposes, as outlined in the Mission Statement:

- 1) To promote an efficient and high-turnout election that promotes positive response among the student body. These rules shall be referred to as "Streamlining Rules".
- 2) To prevent foul play that intentionally distorts the process of having a free and fair election. These rules shall be referred to as "Fair Play Rules".
- 3) Ensure that candidates are able to promote themselves without producing unnecessary amounts of waste. These rules shall hereby be referred to "Environmental Rules"

§4.1 Candidate and Slate Conduct Regulations

(a) Definitions

- (1) **Campaigning:** Any action that is undertaken in order to influence, positively or negatively, the decision of a prospective voter. Campaigning includes conduct online, in person, or by promotional materials. The recruitment of individuals to run for a particular office and the collection of signatures to qualify for an office does not constitute campaigning, so long as these actions do not actively endorse or oppose any candidate, slate, or referendum.
- (2) **Slate-Building Activity:** Recruiting slate members, writing slate platforms, fundraising and securing resources necessary to the carrying out of a campaign. Slate-Building Activity and Campaigning shall be considered mutually exclusive. Slate-Building Activity may not be used to fulfill the goals of campaigning prior to the campaigning period.

(b) Fair Play Rules

- (1) Candidates, slate affiliates, or those acting on their behalf may not willfully deface, move, or remove from their places campaign materials of any other candidate or slate. Violation of this rule shall be considered a moderate to

severe offense, with possible sanctions including compensation for damages, Proscribed Advertising, and Public Notice. For egregious or repeated violations, Disqualification shall be considered.

- (2) Information intended to mislead or deceive voters as to the mechanics of the election shall not be written on any campaign material. The severity of the sanction shall depend on its impact on the election at the discretion of the Judicial Board.
- (3) Candidates, slate affiliates, or those acting on their behalf, may not make deliberately false and malicious statements or advertisements about other candidates or slates. In instances of minor violations, this may be punished with Proscribed Advertising. In instances of major violations, a Public Notice or Disqualification shall be considered.
- (4) Candidates, slate affiliates, or those acting on their behalf may not tamper with the tabulation of votes to add or subtract votes from a candidate or slate in such a way that results in more or less than one vote per voter. In cases in which this occurs, the offending slate will be disqualified.
- (5) There shall be no campaigning within 50 feet of Official Polling Locations. Notwithstanding, wearing clothing or accessories that advertise any candidate or slate shall be permitted as long as the individual is not perceived as campaigning. A moderate sanction, such as Revocation of Locational Privileges, is suggested for an initial violation, though repeated violations by a slate may result in longer and more widespread Revocations of Locational Privileges or more severe sanctions.
- (6) Use of ASUCSD offices, services, enterprises, physical resources, equipment, or title to campaign is prohibited. Any individual with a position in ASUCSD may be impeached or removed from office if found guilty of violating this rule or helping a candidate or slate violate this rule. If a slate violates this rule in a minor sense, it shall forfeit and pay a fair market value for all resources obtained in violation of this section. If a candidate or slate violates this rule in such a manner as to potentially change the outcome of the election, a Public Notice or Disqualification shall be considered.
 - (a) AS members who are candidates may state office titles when describing personal experience.
 - (b) AS members may not use their office titles to endorse any candidate, slate, or referendum.

All slates must make a goodwill effort as to not be complicit in any sort of alignment between a campus-wide and a college council slate. If strategic and premeditated alignment between slates does occur, the Elections Committee shall recommend sanctions based on the severity of the alignment. No slate or candidate shall be allowed to solicit endorsement, sponsorship, or otherwise unfair support or promotion from any non-student UCSD employee.

(c) Streamlining Rules

- (1)The campaign period for candidates begins at the conclusion of the Mandatory Candidates Meeting ninth week of Winter Quarter and ends when the polls close on the final day of voting. Candidates and any person acting on behalf of a candidate may only campaign during the campaign period. Violation of these rules shall result in a Revocation of Time or Location Privileges.
- (2)All campaign materials must include a clearly discernible phrase which shall be composed of "VOTE", followed by either "ON" or "AT" or "USING" or "VIA" or "THROUGH" or "THRU", followed finally by either "TRITONLINK" or "TRITONLINK.UCSD.EDU" or "HTTP://TRITONLINK.UCSD.EDU". Violation of this rule shall result in a warning. If the warning is willfully and repeatedly violated, a sanction such as Proscribing Advertising may be imposed.
- (3)Candidates, Slate affiliates, or those acting on their behalf may not post any campaign materials in violation of applicable university posting policies. University Centers posting policies may be found at the following link: http://universitycenters.ucsd.edu/documents/pc_posting_policies.pdf. Sanctions for violations of university posting policies may include warnings, Revocation of Time or Location Privileges, and responsibility for whichever penalties are assessed by the university for violations of its posting policies.
- (4)Use of equipment that amplifies sound is prohibited within 150 feet of official polling locations when voting is taking place. Sanctions for violations of this rule may include Revocation of Time and Location Privileges.
- (5)Dormstorming and/or Unsolicited campaigning in residence halls or on-campus apartments shall be prohibited. Resident Advisors and/or University staff may not authorize candidates to "dormstorm." Possible sanctions for violations of this rule shall include extensive Revocation of Time and Location Privileges and Public Notice. For large-scale or repeated violations, disqualification may be considered.
- (6)Candidates, Slate affiliates, or those acting on their behalf may not campaign in any classroom or lab, including chalking on classroom boards, except when that location is being used for a student organization meeting. This rule applies to these locations in totality, not just when classes are in session. Notwithstanding, wearing clothing or accessories that advertise any candidate or slate in classrooms or labs is permitted, provided that no active campaigning occurs. Possible sanctions for this rule include Revocation of Time or Location Privileges
- (7)On any campaign materials, slates may only use the term UCSD if preceded by the word, "at". As an example, a slate by the name of VOTE may not use the phrase "UCSDVOTE" on any campaign materials. They may only use the phrase, "VOTEatUCSD".

(d)Environmental Rules

- (1)Candidates and slates are restricted from purchasing or distributing disposable plastic water bottles or Styrofoam products. Violations of this rule shall result in a warning. If the warning is willfully and repeatedly violated, a sanction such as Proscribing Advertising may be imposed.

- (2) Slates and independent candidates may not post more than forty materials, including flyers, portraits, banners, and posters, at one time in University Centers. Violation of this rule shall result in a warning. If the warning is willfully and repeatedly violated, as sanction such as Proscribing Advertising may be imposed.

§4.2 Campaign Finance Rules

- (a) No University or ASUCSD allocated funds may be used in support of or against a candidate or slate, except that this restriction does not apply to any print or electronic media editorial funded by ASUCSD allocated funds.

(b) Donation Limits

- (1) Campaign contributions may not be accepted from any source not affiliated with UCSD, with the exception of the personal funds of the immediate family of a candidate. For slates, total contributions will be capped at \$150 per non-executive candidate on the slate and \$200 per executive on slate, with total amount per slate not to exceed \$2300. All donation amounts outside the candidate themselves and their immediate family will be capped at a total amount of \$10 per contributor per slate.
- (2) Campaign contributions for non-slate affiliated candidates will not exceed \$1150. All donation amounts outside the candidate themselves and their immediate family will be capped at a total amount of \$10 per contributor per slate.

Each candidate not on a slate must submit a campaign financial report as described below to the Clerk.
- (2) Candidates on Slates. Slates may spend no more than \$2,300 in sources coming from the candidate's personal funds, family members of the candidate, or current undergraduate student donations. A slate must file a campaign financial report as described below with the Clerk for the whole slate.
- (3) If a candidate withdraws from the race more than two weeks before the final day of voting, the slate may not use any of the withdrawn candidate's actual or potential funds towards the calculation of the slate's spending limit. If a candidate withdraws more than one week before the final day of voting, the slate may use 1/2 of the withdrawn candidate's actual or potential funds towards the calculation of the slate's spending limits. If a candidate withdraws less than one week before the final week of voting, the slate may use all of the withdrawn candidate's actual or potential funds towards the calculation of the slate's spending limits. This section is intended to ensure that slates will not be adversely affected by the untimely withdrawal of a candidate. However, abuses of this provision will be taken seriously by the Election Committee and if a slate is found responsible for attempting to postpone the timely filing of a

withdrawal for the sole purpose of retaining a portion of the withdrawn candidate's funds, the Election Committee may impose any appropriate sanction, up to and including disqualification of the slate.

(d) Campaign Financial Report. This subsection shall apply to all slates and candidates.

(1) Campaign Contributions

(4) All items used in the campaign must be included in the itemized Campaign Expense Record. The use of residences, personal phone, staples, staple guns, tape, and tacks are exempt from this requirement and do not have to be reported.

(5) The fair market estimated value of donated items, supplies, or services by a person other than a candidate must be itemized on the Campaign Expense Record, and this fair market estimated value shall be applied against the spending limits as if it were an expenditure. The Election Committee will determine the fair market value. In determining the fair market value, the Elections Manager shall depreciate any items that were not purchased new during the current election. This shall include, but is not limited to, old campaign materials used in previous year's elections.

(6) All slate contributions from candidates, as defined earlier, as well as all slate expenditures on campaign materials, shall be listed online in the same manner as the members of the slate and slate name. It will be the responsibility of the Elections Manager to tabulate these numbers online in a timely fashion

(7) Slate materials may only be used after the Elections Manager signs off on them;

In order to retain the autonomy of College Councils, College Council candidates will be held under the jurisdiction of the College Council election rules. No College Judicial Board may disqualify any candidate for any Associated Students office. Likewise, the Associated Students Judicial Board may not disqualify any candidate for a College Council office.

§8.1 Approval and Eligibility of Referenda for an Election

(a) Fee Referenda

- (1) Any referendum question that proposes to establish, increase, reduce, or eliminate any campus-based student fee is considered a fee referendum question and must be approved by a two-thirds vote of the Council. Once approved, the fee referendum question will appear in the next election in which it is eligible.
- (2) Within five academic days after the fee referendum question has been approved by the Council, the President shall transmit a formal request for approval of the fee referendum to the Chancellor and any other relevant administrators. The Council may, by a majority vote, remove the fee referendum question from the ballot up to the end of the filing period for candidates.
- (3) A fee referendum question is eligible to appear in a general election if approved by the Council no later than the end of the filing period for candidates.
- (4) A fee referendum question is eligible to appear in a special election if it is approved by the Council no later than six weeks before the first day of voting.

(a) Review Referendum Petitions

- (1) Upon submission to the President of a valid review referendum petition as described in the Constitution, separate referendum questions for each action of the Council petitioned for review shall appear in the next election in which it is eligible.
- (5) A review referendum question is eligible to appear in a general election if the review referendum petition is submitted to the President before the end of the filing period for candidates.
- (6) A review referendum question is eligible to appear in a special election if the review referendum petition is submitted to the President at least two weeks before the first day of voting in a special election. Council must make every reasonable effort to include an eligible review referendum on the ballot.
- (7) If the review referendum question is not eligible to appear in an election within the timeframe required by the Constitution, the President must call a special election to take place within the timeframe required by the Constitution and in which the review referendum question would be eligible.
- (8) Every member of the ASUCSD is eligible to vote in review referendum questions.

(b) Other Referenda

- (1) Any referendum question that is neither a fee referendum question nor a review referendum question must be approved by a majority vote of the Council. Once approved, the referendum question will appear in the next election in which it is eligible. These referenda shall not be binding on council.
- (2) The Council must approve the options that will be available for voters to select when voting and how many of those options a voter may select in the referendum question.
- (3) The referendum question is eligible to appear in a general election if approved by the Council no later than the end of the filing period for candidates.
- (4) The referendum question is eligible to appear in a special election if approved by the Council no later than two weeks before the first day of voting.

§8.2 Official Ballot

(a) Referenda shall appear after any candidate elections for office

(b) Fee Referenda

- (1) For each fee referendum question, only the options “yes”, “no”, and “abstain” shall appear after the language of the referendum approved by the Council. A voter must select exactly one of the options.
- (2) Pro and Con statements for each fee referendum question shall be presented to the voter. The maximum length for the pro and con statements shall each be up to 1500 non- white space typographical characters. Rebuttal statements shall also be presented to each voter, which shall each be up to 500 non-white

space typographical characters. The Elections Manager shall assign the submitters of the pro and con statements, except that the Election Committee may override the decision of the Elections Manager with good cause. If multiple individuals or groups wish to write a pro statement, or if multiple individuals or groups wish to write a con statement, the Elections Manager may choose which individual of group shall pen the statement, based on the following criteria:

- (a) Sincerity of the individual or group in supporting or opposing the referendum
- (b) Undergraduate representatives on committees that are proposing the referendum shall have first opportunity to write the pro or con
- (c) Sponsors or legislative opponents of the proposed referendum on AS Council shall have the next-highest priority
- (d) Student Organizations that will be most affected directly in a financial sense shall have the next-highest priority in writing a pro or a con
- (e) Groups of interested undergraduate students shall have the next-highest priority, followed by individuals

(3) A vote in any fee referendum question is not recorded until the voter completes the entire voting process.

(c) Review Referenda

- (1) When a review referendum petition is submitted, each action of the Council that is being petitioned for review shall be on the ballot as a separate review referendum question. Each question shall be worded as neutrally as is feasible, and must refer to a specific action taken by council to be valid. If the elections committee unanimously finds that a review referendum does not conform to this, they shall, as early as is feasible, give the drafters of the review referendum the opportunity to change the wording.
- (2) Each review referendum question shall be phrased as "Do you approve the following action of the Associated Students Council?" with the text of the action of the Council following.
- (3) Only the options "yes", "no", and "abstain" shall appear after the language of each review referendum question. A voter must select exactly one of the options.
- (4) Pro and Con statements for each review referendum question shall be presented to the voter. Pro and Con statements shall follow the rules for pro and con statements outlined in Chapter §8.2., section (b)(2) of this title
- (5) A vote in any review referendum question is not recorded until the voter completes the entire voting process.

(d) Other Referenda

- (1) For referendum questions that are neither fee referendum questions nor review referendum questions, only the options approved by the Council shall appear after the language of the referendum approved by the Council. The number of options a voter may select shall be determined by the Council.

- (2) The President shall determine if pro and con statements are to appear with each such referendum question. If pro and con statements are to be presented to voters with the referendum question, they shall follow the rules for pro and con statements outlined in Chapter §8.2., section (b)(2) of this title.

§8.3 Campaign Procedures for Referenda

- (a) Fair Play Rules: Rules designed to prevent foul play that intentionally distorts the process of having a free and fair election.

- (1) Anyone campaigning must abide by any decision, order, or penalty of the Election Committee while campaigning.
- (2) Campaigns or someone acting on behalf of campaigns may not willfully destroy, deface, move, or remove from their place posters, signs, flyers, banners, or campaign materials of any other campaigns.
- (3) Information that is intentionally and provably false may not be written on any campaign material. Only by a unanimous decision may the election committee pursue this offense.
- (4) Campaigns or someone acting on behalf of campaigns may not tamper with or improperly influence the distribution, collection, tabulation, or storage of the election ballots.
- (5) If the Election Committee believes that a con campaign for a referendum is intentionally violating Election Bylaws in an effort to disqualify the referenda, they may issue a sanction preventing any campaigning for or against the referenda. If the efforts to disqualify are found to be particularly egregious and compromise the results of the election, the Election Committee may recommend to the Judicial Board that the referenda be disqualified. In this case, a Special Election must be held and the con campaign from the previous election will not be permitted to participate in campaigning.

- (b) Streamlining Rules: To promote an efficient and high-turnout election that promotes positive response among the student body. These rules shall be referred to as "Streamlining Rules".

- (1) Campaigning may begin when the Council approves the referendum question or when the review referendum petition is submitted.
- (2) All campaign materials must include a clearly discernible phrase which shall be composed of "VOTE", followed by either "ON" or "AT" or "USING" or "VIA" or "THROUGH" or "THRU", followed finally by either "TRITONLINK" or "TRITONLINK.UCSD.EDU" or "HTTP://TRITONLINK.UCSD.EDU".
- (3) There shall be no campaigning within 50 feet of official polling locations as measured by the Elections Manager when voting is taking place. Notwithstanding, wearing clothing or accessories that have campaign material on them while walking by the polls is permitted so long as the individual does not loiter.
- (4) Use of equipment that amplifies sound is prohibited within 150 feet of official polling locations when voting is taking place.
- (5) Campaigning in any classroom or lab is prohibited except during student organization meetings. Notwithstanding, wearing clothing or accessories that

have campaign material on them in classrooms or labs is permitted.

(6) Anyone campaigning must abide by any decision, order, or penalty of the Election Committee while campaigning.

(c) Campaign Finance Rules for Referenda

(1) No University or ASUCSD allocated funds shall be spent on a referendum except in a neutral manner, such as providing educational information including both sides of the issue.

(2) If the University or ASUCSD wishes to allocate funds, the allocation must be approved by the Election Committee by the same deadlines stated in §8.1 related to referenda eligibility to appear in the election.

(3) If the University or ASUCSD wishes to allocate funds to both the Pro and Con campaigns, the amount of funding allocated to each must remain equal to maintain neutrality, and both groups must be informed of the availability and amounts of such funding at the same time.

Campaign contributions for referenda may not be accepted from any source not affiliated with UCSD.
