 2. Total SSC Assets (including carryover of 100K), \$337,399
 3. Estimated Total Remaining SSC Funds (Reserves), \$34,643
 - f. Sophia Jara
 - i. How will Stipends benefit directors?
 1. Directors may not have to work second job or reduce hours at their other job
 2. More quality event-planning and projects
 3. Director positions will be more accessible to everyone
- Agni
 - Frankly, this is absurd
 - Stipends were probably not designed to be an hourly rate
 - Offended that you think you all deserve that money
 - Undermines the sanctity of what the stipended positions are for
 - Doubling the personal stipend is not agreeable with AS
 - Pandya
 - Echo Agni's sentiments
 - I know how hard AVPs work, compensated 20% less than SSC Directors, asking for doubling of the salary is not appropriate
 - Another question: is this logistically feasible?
 - Weng
 - We should avoid hourly calculations
 - Stop using hourly wage comparisons, stipends are meant to be constant
 - This is really up to Human Resources
 - Can propose an amount but HR will have to do classification review
 - Part of the rate setting guidelines, looking at rates across the system
 - Lara
 - Not going to lie, insulted
 - Stipends are good because they enhance access, but more like an issue of wasting student fees
 - Questions: do you know how much executive is paid, etc.
 - Stipends aren't meant to be hourly rates
 - Insult to students to ask for doubling of the stipend
 - More money to staff and stipends than operation costs and campaigns?

- Where is that line between students and yourselves?
 - Should accept the 120 dollars now
- Wei
 - Are they even allowed to pay themselves \$120/week? Doesn't look like these stipends align with stipend guidelines?
- Kreitman
 - Stipends you are referring to are for office staff!
- Wei
 - If more funds going to stipends, not acceptable really?
 - Asking for a raise, I don't think you guys should be looking for a raise.
- Rollison
 - Stipends don't make sense to me either.
 - Women's Center, etc. why are they hourly wages while some have stipends?
- Weng
 - Very much to the organization
 - Depends on the position
 - Historically, when a position is a delineated job with a specific tasks/job rather than leadership role, it's an hourly rate
 - Very much up to the specific organization
 - SPACES directors were stipended but then transition to hourly wages because it was determined that they're more like jobs rather than not.
- Bradt
 - Major question: In terms of financial sustainability, you'll be 65,000 dollars in the red?
 - Is this move that would be brought up with future years? If you're going to increasing stipends, you might have to lower them in the future?
- Qianni Huang
 - Operation costs are higher than what we are paid in stipends
- Lonc
 - Question regarding how budget is being structured
 - Having almost a 66K dollar deficit and then asking for more in personal stipends seems unreasonable

Question Time

- Agni
 - Yield to Director Belk or whomever is ready to answer, speak on the process of including determination of approving stipend increases for student employees, especially SSC
- Belk
 - Consider position and review job requirements, qualifications, and skills, compare it to jobs similar on campus and other UCs as well
 - Range that they consider “equitable”, might go higher based on years of experience
 - Skills and qualifications compared on campus jobs and the entire UC system
 - To make sure we understand this process, even if we approve, HR has to review and approve first
- Pandya
 - @ FC Butler, regards to earlier presentation, curious if we have discretion to amend it? Shed some light on the budget process for the referendum type budgets
- Butler
 - We don’t have any say, HR is the one who sets it
 - We just have to make sure there’s no item on the budget that break campus or UCOP policy
 - Hands are tied, more of a formality
- Agni
 - “if we approve it...”, what did you mean
- Belk
 - It may not be approved for any other reasons, ensure compliance with UCSD and UCOP policy
 - Sent to HR
- Agni
 - Asking Senator Allen, why cutting off robust conversation about the SSC budget
- Allen
 - I would contest the idea that we were having a robust discussion, considering that we felt, echo sentiments → we’re feeling the same ideas
 - SSC thing was chasing its own tail for the next 15 minutes
 - 11 bodies agreed with me
 - I stand by the objection
- Agni
 - Thank you, Allen.
 - Asking questions to Weng: can we table that part of the budget to review later for a week?
- Weng
 - Remind this group, we did approve increase in senator stipends before review anyway
 - We won’t be meeting next week, next meeting is Week 7
- Quiroa

- Clarification: we're not meeting next week right? We are not, won't be meeting for two weeks

Reports of Standing Committees

- Kreitman
 - L2-L8 were approved
 - L11 was approved
 - L10 was amended and then approved
 - L9 is tabled indefinitely
 - Item L1 is discharged
- Estus
 - **Motion to amend L1 as “Appointment of Nina Vo as Advocate General effective immediately until appointment of successor. Sponsored by Hannah R. Kreitman.”**
 - We did advocate general interviews, we selected Nina Vo as the Advocate General
- Agni
 - Objection; I've worked with Nina Vo professionally, they are SCERC, a bit concerned that they may not be neutral
 - Biased of their own college; vested interest of their own college council
 - Objecting who has that many ties
- Weng
 - Strongly advise that we go into executive session because these are publicly broadcasted, talking about issues about personnel means discussion has to be in executive session
- **[MOTION TO ENTER EXECUTIVE SESSION]**
 - **Item L1 has been approved**
- Finance Committee
 - FC Butler
 - Items F1 and F2 discharged to Senate Floor
 - Move to approve
 - These are referendum, we can't deny them if they don't break policy
 - Agni
 - We should consider them separately
 - Motion to consider F1 and F2 separately
 - FC Butler
 - **Move to approve Item F1**
 - **Approved**
 - Agni
 - Motion to table F2 till next meeting
 - Would want to have HR look at the stipends
 - Weng
 - This has to be a hand-vote, not to debate
 - Quiroa
 - Our budget deadline, if tabling for two weeks, is it plausible considering budget is due Week 5
 - Butler
 - Technically, it doesn't affect our budget because it's locked in but we have to pass it by Week 5
 - Belk
 - Our budget we need to pass by Week 5, we don't have a budget meeting week 5
 - As long as we pass the amount of funds (the SSC budget is not a part of our budget), we are in the clear for our budget
 - SSC also has a deadline for their budget

- Kreitman
 - We would need approve it now, but if HR doesn't approve it, we can retroactively amend it, if we approve it now, we can always change it later
- Weng
 - That's correct.
- Agni
 - What would be the point of reconsidering it later on?
- Belk
 - If HR does not approve, they would have to share what they will do with the difference in funds?
- Butler
 - As long as we pass our budget, we are fine; our rules say that we have to pass the SPACES, SSC, and KSDT budget by this week
 - We don't have the Week 5 meeting, all budgets must be done tonight
 - We cannot make a decision on how they spend their money if they don't break policy
 - We raised our stipends before HR check, we need to be consistent!
- **OPEN ROLL CALL VOTE TO TABLE F2 (SSC BUDGET)**
 - **Open roll call vote would be open for 2 academic days after the meeting as opposed to a regular roll call vote**
- **Moving into a Hand Vote to have an open roll call vote**
 - Motion fails, 3-18-2
- **Back to motion to table F2**
- Going straight to a vote on tabling F2
 - **HAND VOTE ON WHETHER WE TABLE FOR 2 WEEKS**
 - 3-18-2
 - **Motion fails**
- Lonc
 - There is a certain amount of referendum money going to SSC that we can't mess with it
 - We are just responsible for watching this
- AVP Hickman
 - Are we allowed to approve a budget that's almost 66K in deficit?
- Belk
 - They have the money but they're using their reserves, still part of the dedicated lock in fees from past years

 - Marketing: allocated hefty price, customer merchandise, give away OCA merchandise at events, promote turnout at events
 - All Council Retreat, bonding activities, leadership activities, give them \$10 or some similar food service to feed them, money would go to catering, extend that forward through this service, very generous line items to have wiggle room
